New Thang

Trevor Jackson

[Spoken]
That new thang
She see me having having that new thang
She love the way I do thang
She see me, she see me
See!She see the new car, new clothes, new house, new roads
Gold watch!
She heard my new song, see me in those new checks,
Can't forget about my gold watch.I swear I thought that I had everything
But then she pointed out something I was missing
And then she kindly introduced her name
I said hello, nice to meet you, we went missing.[Chorus:]
She see me hoppin out in that new thang
She said she love the way that I do thangs
She said that every king needs a queen
And she said, she wanna be, she wanna be,
She wanna she wanna be my new thang.
My new thang, my new
She said, she wanna be, she wanna be,
She wanna she wanna be my new thang.
My new thang, my new thang
She wanna be my new thang.Boy I show you how to do this
If you don't believe me just watch!
Make her my new girl, she ain't going nowhere
If you don't believe me, just watch!I swear I thought that I had everything
But then she pointed out something I was missing
And then she kindly introduced her name
I said hello, nice to meet you, we went missing.[Chorus:]
She see me hoppin out in that new thang
She said she love the way that I do thangs
She said that every king needs a queen
And she said, she wanna be, she wanna be,
She wanna she wanna be my new thang.
My new thang, my new
She said, she wanna be, she wanna be,
She wanna she wanna be my new thang.
My new thang, my new thang
She wanna be my new thang.Do I blame her? No I don't.
Will she leave me? No she won't

She will never do me wrong,
'cause she know what she got here
Swag is so incredible
And I'm a smooth criminal
So I wish she would leave.[Chorus:]She wanna be, she wanna be, she wanna
But she's gotta, she's gotta be
She gonna be my new thang.
