

# When You Say Love

Sonny & Cher

When you say love  
You're telling every one your moment's come  
And you've found what you've been looking for  
When you say love  
You said the only word that tells the world  
You never will be lonely anymore  
You've got a pretty rainbow all your own  
And at last you found your pot of gold  
You're completely satisfied  
A feeling of contentment fills your soul  
When you say love  
It means you've found your special one  
And that you care enough to give your very best  
When you say love  
There's not another word that says so much  
'Cause that four letter word means happiness  
Your heart is given wings to touch the sky  
It's higher than an eagle dares to fly  
If you took every thing you've heard, try to make a magic word  
You'll find you said it all when you say love  
When you say love  
It means you've found your special one  
And that you care enough to give your very best  
When you say love  
There's not another word that says so much  
'Cause that four letter word means happiness  
Your heart is given wings to touch the sky  
It's higher than an eagle dares to fly  
If you took every thing you've heard, try to make a magic word  
You'll find you said it all when you say love  
You'll find you said it all when you say love  
When you say love  
When you say love
