

# Hope in Yourself

Jenny Franck

I want to lay here, soft and still  
I want to be depressed  
And when I wake up in the morning  
I want to go back to bedIf you can see your dreams  
It doesn't mean you're going to reach them  
It just means that you have way too much  
Hope in yourself  
Hope in yourselfI want to feel what it's like to breath  
I don't want to be deceived  
I want to feel what it's like to lay  
Next to you  
I want to feel in love  
But I can't believe, I've never been loved  
Only used  
Only used  
Only usedIf you can see your dreams  
It doesn't mean you're going to reach them  
It just means that you have way too much  
Hope in yourself  
Hope in yourselfAnd I can't relate  
I've never been happy  
But I still care as much as I can  
And I can't believe  
I've never been loved  
By anyone that I ever wantedIf you can see your dreams  
It doesn't mean you're going to reach them  
If you can see your dreams  
It doesn't mean you're going to reach them  
It just means that you have way too much  
Hope in yourself  
Hope in yourself
