

Show Me

Nesian N.I.N.E.

HEY! pretty lady
I got your text on my phone
ITs kind of sexy girl
An invitation to get it on
So where do you want me
Tell me what should i wear
I know you want this heat
Cuz what i bring is rare

I wanna touch you
feel you up and rub you down
Oooh and bump and grind to the sexy sound
Just to let you know I ain't playing girl

Baby put your body where your mouth is
Oooh you swear I'm gonna love it
You said you gonna turn me out
Show me what you all about

Baby put your body where your mouth is
Oooh you swear I'm gonna love it
You said you gonna turn me out
Show me what you talking about

Now that we're here
tell me what we go do
We got some time alone
wanna waste it talking to you
You say you gonna show me
Wanna teach me too
Well I am listenin girl
Come on and show me something new

I wanna touch you
feel you up and rub you down
Oooh and bump and grind to the sexy sound
Just to let you know I ain't playing girl

Baby put your body where your mouth is
Oooh you swear I'm gonna love it

You said you gonna turn me out
Show me what you all about

Baby put your body where your mouth is
Oooh you swear I'm gonna love it
You said you gonna turn me out
Show me what you talking about

Rap:

I made some promises, promises she made
shes the kind of one to jump the body she takes
swear to turn me out until me exhausted me brain
love me to the very next day to ease the pain
She often (do what it do what it do)
When she (make them sexy move)
And i wanna (rub it down your body smooth)
Down to the (All the way down to your shoes)
When we make sweet love
All night long

Baby put your body where your mouth is
Oooh you swear I'm gonna love it
You said you gonna turn me out
Show me what you all about

Baby put your body where your mouth is
Oooh you swear I'm gonna love it
You said you gonna turn me out
Show me what you talking about (repeat until fade)
