When We're High (Beverly Pills Remix)

LP

There was a time, there was a life, I was inside my head
Then finally I rested in your bed
The bars, the dives, the worst of vibes
I thought had come to pass
But still I couldn't seem to make it lastI'd swallow the moon and the stars
To follow the beat of your heartOh when we're high
Oh my God, you blow my mind
So let's get high, let's get high
Live until we die, yeah
Oh you and I, you and I
Let's just do it one more time, one more time
A million times
Let's get high, let's get high
Live until we die, yeah
A state of mind collected like
A slowly wound bouquet
With memories of our favorite nights and daysLet's swallow the moon and the stars
Let's wallow just right where we areOh when we're high
Oh my God, you blow my mind
So let's get high, let's get high
Live until we die, yeah
Oh you and I, you and I
Let's just do it one more time, one more time
A million times
Let's get high, let's get high
Live until we die, yeahBlow my mind
Blow my mind
Oh my, my, kiss the sky
Jimmy, baby, you were right
She's so fine, hips don't lie
Hit me baby one more time
Go ahead and insert any random ass line
Go ahead, yeah, yeah'Cause when we're high
Oh my God, you blow my mind
So let's get high, let's get high
Live until we die, yeah
You and I, you and I
Let's just do it one more time, one more time
A million times

Let's get high, let's get high
Live until we die, yeah, yeah (blow my mind)
Live until we die, yeah
