What Is This Note?

Eels

The sun kisses the morning dew
Just the way that i'm kissing you
The birds are tweeting in sweet harmony
Teaching the free world how to be free

The day is new and a good one too
How can i prove my love to you
I wanna give you everything
Me and the birds
Now we're gonna sing

When i wake up to your beautiful smile
Sometimes it takes me a little while
To realize that i am awake
And that living today will be
A piece of cake

And i won't keep you for myself
No you're not a toy on my shelf
The world needs to know that you're here
So spread your wings and fly, my dear

The day is new and a good one too
How can i prove my love to you
I wanna give you everything
Me and the birds
Now we're gonna sing
