Time

Billy Porter

What is time?
Is it the autumn leaves that change?
Or the snow that floats from the sky

What is Time?
Is it the air we breathe?
Or the wings that teach
The new born bird to fly

Who can tell?
I donâ€™t know
Will we change?
Will we grow?

What is time?
Is it eternity
In heaven
Or just a hope for peace on earth

Whereâ€™s the time
Gone in a blink of an eye
But with every blink
a birth

We live
We learn
We love
In time
We give
We yearn
We grow

In time

Time for change
Its time to care
Itâ€™s not too late
Donâ€™t despair
Reach inside your heart

To find the joy the love
To share with all mankind
For all we know

All we have
Is time
