

# Valley Of Angels

## Bo Bice

I've been down and done nothing at all  
And sometimes I feel I've grown  
Never try to let it show but Im not alone  
If you sing this song Ill take you there  
If you dont careGo into the valley of angels  
To swim in that deep blue sea  
Surrounded by your faith and your glory  
It's were I find my peace, true peace  
In the valley of angels, in the valley of angelsHeard so many stories, thought they were lies  
(But you know they're true)  
I know that I have quit before I even tried  
(Oh dont you quit, my boy)  
I stood up one day and found myself but Im not alone  
If you sing this song Ill take you there  
If you dont care come with meGo into the valley of angels  
To swim in that deep blue sea  
Surrounded by your faith and your glory  
It's were I find my peace  
You know, I find true peace  
In the valley of angelsAll you ever dream to see  
You cant touch, you dont believe  
Fly in here on angels wingsGo into the valley of angels  
To swim in that deep blue sea  
Surrounded by your faith and your glory  
It's were I find my peace, you know, I find true peace  
You know, Ill take you there, oh, if you dont care  
Oh, in the valley of angels  
(Go into the valley of angels)  
To the valley of angels  
(Go into the valley of angels)
