Let's Stop Playin'

Ghostface Killah

All I'm sayin', come here, lady
I can't take it, let's stop playin'
Oh, you know, you know
I got no patience, I hate waitin'
I can't take it, let's stop playin'
Oh, you know, you knowYo boo, let's cut the crap, you know we like each other
I been wanting you bad, yo, that's word to my mother
I know you got a man and I'm involved
But we can play this right, if we shuffle the cardsI've been wanting you for mad years, when the elevators broke
I run and help you with your bags upstairs
I was scoping you out, today you was late to leave by 8
With no time to be at work at 9She'll be back by 6, son pissed you off I know
When I spoke, yo, you didn't say shit
But still you was looking mad cute to me
With your lips poked out being rude to meYou're still sexy, luscious and all them words
Only girl in the building with a full length fur
Had no choice to raise and press up explain how I feel
It's only your love I want the best ofAll I'm sayin', come here, lady
I can't take it, let's stop playin'
Oh, you know, you know
I got no patience, I hate waitin'
I can't take it, let's stop playin'
Oh, you know, you knowI had a dream, yo, I seen you on the laundry mat
Folding your clothes by the dryer, my drawers is wet
So you passed me a Bounce one fell when I bend down
And got up you start tonguing me downButterflies ran across my stomach
Didn't wanna put the fire out 'cause goddamn, I love it
Moved the basket out the way, cleared the table
Laid you down, my mouth slid past your navelYour feet had knocked over the Clorox bleach
Held my head closer to you when my tongue got deep
I'm saying we both of those, this how I feel
If you don't want a part of me, it's no big dealBut ma, I'm not here to game you, babe, I'm going on vibes
Somewhere inside I know you feel the same
It's alright tho you look like you know how to get it
Here take my keys come upstairs in a minuteAll I'm sayin', come here, lady
I can't take it, let's stop playin'
Oh, you know, you know
I got no patience, I hate waitin'
I can't take it, let's stop playin'

Oh, you know, you knowLet's stop fakin', let's just go get naked
No more discussion, we can get to kiss and huggin'
My premonition told me I got what you're missin'
So let's stop playin', baby girl, that's all I'mAll I'm sayin', come here, lady
I can't take it, let's stop playin'
Oh, you know, you know
I got no patience, I hate waitin'
I can't take it, let's stop playin'
Oh, you know, you knowAll I'm sayin', come here, lady
I can't take it, let's stop playin'
Oh, you know, you know
I got no patience, I hate waitin'
I can't take it, let's stop playin'
Oh, you know, you knowAll I'm sayin', come here, lady
I can't take it, let's stop playin'
Oh, you know, you know
I got no patience, I hate waitin'
I can't take it, let's stop playin'
Oh, you know, you know
