## BS (A. Whiteman)

All around me are real estate agents  
Homes for sale  
Bank owned homes up for grabs  
Big and Spacious and behind on taxes  
Sitting empty  
Sitting empty  
The bills just kept on piling up...  
Not making payments  
Not making payments  
After months the bank took back their houses  
Time to Auction  
Time to Auction People got too greedy, people had to have  
Loans were approved, with credit that was bad  
Go and blame the banks  
You better blame yourself  
Should've put some money down and been ready  
Foreclosed  
Foreclosed Bought the SUV with your home equity  
Big and Flashy  
Big and Flashy  
Custom kitchens and the granite counters  
Keep it comin'  
Keep it comin'  
Then the bubble burst - you're underwater  
Soaring interest  
Soaring interest  
Can't refinance 'cause of loan-to-value  
Got excessive  
You got excessive People got too greedy, people had to have  
Loans were approved, with credit that was bad  
Go and blame the banks  
You better blame yourself  
Should've put some money down and been ready  
Foreclosed  
Foreclosed  
Foreclosed on your home
