

# U Got Nerve

## Aaliyah

Uh  
Uh c'mon  
Watch out  
Uh c'mon  
Oh, oh Gave you chances on top of chances  
Opportunities taken for granted  
My reality is all you exshalities  
Cause insanity  
Why you askin' me?  
Took my kindness for a sign of weakness  
My own blidness caused my sadness  
No longer am I a slave of all you madness  
I'm glad it's finally over Who do you think you are now?  
I can't believe you got the nerve boy  
Who do you think you are now?  
I can't believe you got the nerve boy See I'm tired of all the games  
That you seem to like to play  
What you can do for me  
Is forget you knew my name See your qualities are less then pleasing  
I got more then one reason for leaving  
It's time to close shop  
Open new chapters  
See new beginnings is what I'm after  
Get your skeletons up out my closet  
Don't make me lose it  
I just might lose it Who do you think you are now?(yeah)  
I can't believe you got the nerve boy (can't believe)  
Who do you think you are now?(yeah,yeah)  
I can't believe you got the nerve boy (yeah babe) Who do you think you are now?(yeah)  
I can't believe you got the nerve boy (can't believe)  
Who do you think you are now?(yeah,yeah)  
I can't believe you got the nerve boy (yeah babe) See I'm tired of all the games  
That you seem to like to play  
See what you can do for me  
Is forget you knew my name  
I'ma play ya tell you've left  
See I ain't even said  
That I'm here all by myself Who do you think you are now?  
I can't believe you got the nerve boy (yeah, yeah)

Who do you think you are now?  
I can't believe you got the nerve boy(yeah, yeah)Who do you think you are now?  
I can't believe you got the nerve boy(yeah, yeah)  
Who do you think you are now?  
I can't believe you got the nerve boy(yeah, yeah)Oh, oh  
Yeah,yeah  
Oh, oh  
You got the nerve boy  
Oh, oh  
Yeah,yeah  
You got the nerve boy(got the nerve boy)  
You got the nerve boy
