Guilty

Rag'n'Bone Man

Seven in the morning and I'm lying in my bed
A million ways to hurt you running round and round my head
I won't feel guilty for thatI won't feel guilty for that
no no no
Everything about you that was good is now erased
Only remnants of you
is that aweful bitter taste
I won't feel guilty for that
I won't feel guilty for that
no no no
Give me one good reason
why I should not be thinking of leaving you now
maybe I'm just foolish
but I can finally see your true color now
You're blacker than black
You're colder than ice and I don't know who you are
You're blacker than black
You're colder than ice and I don't know who you are
All I know is I don't feel it anymore
I don't need to try cuz I don't need you anymore
need you anymoreGive me one good reason
why I should not be thinking of leaving you now
maybe I'm just foolish
but I can finally see your true colors now
You're blacker than black
You're colder than ice and I don't know who you are
You're blacker than black
You're colder than ice and I don't know who you are
blacker than black (blacker than black)
colder than ice (colder than ice) and I don't know who you are
blacker than black (blacker than black) colder than ice (colder than ice) and I don't know who you are
