

# Why Does Love (Have to Go Wrong)?

Bbm

Take a look in the mirror  
What do you see  
Take a look deep inside you  
Are you still free? There is no peace of mind  
When love turns so unkind  
Why does love have to go wrong?  
When we try hard to hold on  
Why does love have to go wrong? Take a look all around you  
What do you see?  
Through the pain that surrounds you  
Are you still free? There are no words to say  
When the light fades to gray  
Why does love have to go wrong?  
When we try hard to hold on  
Why does love have to go wrong?  
Just a moment and it's gone Take a look in the mirror  
What do you see?  
Take a look deep inside you  
Set yourself free There is no place to hide  
When all the flames have died  
Why does love have to go wrong?  
When we try hard to hold on  
Why does love have to go wrong?  
Just a moment and it's gone
