

# These Days

## Mis-teeq

ah-ooohhhh  
Mis-teeq  
Sometimes ya get happy  
Sometimes ya get blue  
No matter the reason  
A life's about what you do  
A little by little  
You make it somehow  
No use for your worry  
The time is now  
These days  
I'm walking on air  
Just jump if you dare and we'll fly (we'll fly so high)  
These days  
I feel so alive  
Wherever we fall we'll survive  
Some people look forward  
Some people look back  
It's now that we're living  
And thats a simple fact  
Don't ever forget it  
Don't be confused  
Don't live to regret it  
Or you will lose  
These days  
I'm walking on air  
Just jump if you dare and we'll fly (I'll fly so high)  
These days  
I feel so alive (I feel so alive)  
Wherever we fall we'll survive  
These days  
I'm walking on air (walking on air)  
  
Just jump if you dare and we'll fly (I'll fly so high)  
These days  
I feel so alive  
Wherever we fall we'll survive  
Whatever we try  
Whatever we do

We live and we die  
It's all up to you  
A new life will grow  
And follow it through  
And rivers will flow  
And dreams will come true  
These days  
I'm walking on air  
Just jump if you dare and we'll fly (we'll fly so high)  
These days  
I feel so alive  
Wherever we fall we'll survive (ooh we'll survive)  
These days  
I'm walking on air  
Just jump if you dare and we'll fly (we'll fly so high)  
These days  
I feel so alive (I feel so alive)  
Wherever we fall we'll survive  
Whatever we try  
Whatever we do  
Just jump if you dare and we'll fly  
Whatever we try  
Whatever we do  
Wherever we fall we'll survive  
These days
