

# Get Back

## Pat Williams

1, 2, 3, 4  
Oh no, here we go  
Catch me if you can  
Don't move too slow  
I'm on another level  
Can you feel my flow?  
See how good  
When I'm on the floor  
Wonder if you're ever  
Gonna zing that I got  
I told you before  
That I'ma keep it hot  
See how it is  
When I walk up in the spot  
Standing in a line  
Ah, I think not  
I came to party, baby  
You might think I'm crazy  
By the way I'm moving  
To the beat  
You're standing on the wall  
What you come here for?  
You wanna feel the heat  
Dance and lose control  
Get back  
(Get back)  
Get back  
(Get back)  
Get back  
(Get back)  
If you can't take it then get back  
Get back  
(Get back)  
Get back  
(Get back)  
If you can't take it then get back  
Get back  
(Get back)  
Get back

(Get back)  
If you can't take it then get back  
    Get back  
    (Get back)  
    Get back  
    (Get back)  
If you can't take it then get back  
    Get back  
    (Get back)  
    Get back  
    (Get back)  
If you can't take it then  
    DJ spin it back  
    Know that I like it  
    When you do it like that  
        Eyes on my waist  
    Feel you better think fast  
        Got that kind of body  
    Make you wanna spend cash  
    Shake it like you seen them do it  
        In the video  
        Ladies on the floor  
        Let me see you get low  
        Fellas at the bar  
    Won't you spend a little dough?  
        This is how I do it  
    When I'm tearing up the floor  
        I came to party baby  
        You might think I'm crazy  
By the way I'm moving to the beat  
    You're standing on the wall  
    What you come here for?  
    You wanna feel the heat  
    Dance and lose control  
        Get back  
        (Get back)  
        Get back  
        (Get back)  
        Get back  
        (Get back)  
If you can't take it then get back  
    Get back  
    (Get back)  
    Get back  
    (Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then

Watch me

You like it, I've got it

1, 2, 3, 4

Would you like it

If I tease you

Get you really hot

Watch me turn around

Then let me show you what I got

Baby, if you're ready

Won't you step up to the plate

Don't be scared of how I'm moving

Boy, don't play it safe

Let me see you move

Let me see you dance

Let me see you bounce

Danja, bring it back

Get back

(Get back)

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then
