

Seagull

[Rolo Tomassi](#)

I came across, I came across
I came across a friend I didn't trust
I kissed his feet, I kissed his feet
And I broke his knees I came across, I came across
I came across a friend I didn't trust
I looked into his eyes and I saw myself
I saw myself I came across, I came across
I came across a friend I didn't trust
I kissed his feet and I broke his knees I came across, I came across
I came across a friend I didn't trust
I looked into his eyes and I saw myself
I looked into his eyes and I saw myself
I looked into his eyes and I saw myself I looked into his eyes
I looked into his eyes
I looked into his eyes I came across, I came across
I came across a friend I didn't trust
I looked into his eyes and I saw myself I came across, I came across
I came across a friend I didn't trust
I looked into his eyes and I saw myself
I saw myself And I looked into his eyes and I saw myself I saw myself
I saw myself
I saw myself
I saw myself
