

What Now My Love (feat. Frank Sinatra)

Frank Sinatra

What now my love, now that you've left me?
How can I live, live through another day?
Watching my dreams turned to ashes
And my hopes turning to bits of clay. Once I could see, once I could feel
Now I am numb, I've become unreal
I walked the night, without a goal
Stripped of my heart, my soul. What now my love? Now that it's over
I feel the world it's closing in on me
Here come the stars, tumbling around me
there's the sky where the sea should be What now my love? Now that you're gone
I'd be a fool to go on and on and on
No one would care, no one would cry
If I should live if I should live or die
