

# Friday Nite

## Norma Jean Bell

It's Friday night, you want to hang out with your friends  
'Cause you've had it up to here  
School just started and you wonder to yourself  
"Where did my summer go?" But it will be all right tonight, it's Friday night  
Let's go, let's all have some fun tonight  
All right, here we go, here we go tonight It's Monday again and it feels like it never ends  
Where did your life go? Did you forget what it was like?  
This week is way too slow, it'll never end, when will it go? You've made it through the week and now you feel  
just fine  
There'll be no nervous breakdown tonight It's Friday night, let's go  
Let's all have some fun tonight  
All right, here we go, here we go tonight It doesn't matter where we go or what we do  
Let's just do it now, go to the Gas N Sip  
And hang out there all night, it'll be all right
