

Intruder (Waking You Up)

[Tamaryn](#)

Do you look a bit tired?
I'll play queen
Like your hand is on fire
No you can't see
No apologies wait
I know I should go to sleep
Now I'm waking you up Didn't look a bit tired?
I'll play queen
Like my hands on fire
No you can't see
No apologies wait
I know I should go to sleep
Now I'm waking you up
