

Further Away

Satchmode

Girl, you are the only one I've ever loved
Part myself in two
Girl, you are the only one I've ever loved,
But you tore my heart in two I can barely believe it,
All this space between us
I'm trying to hold on
You're always drifting FURTHER AWAY
From me
I can barely believe it,
All this space between us
I'm trying to hold on
You're always drifting FURTHER AWAY
Girl, do I know you anymore?
So much time has passed
Girl, could you love me no more?
I'm afraid to ask. And I can barely believe it,
All this space between us
I'm trying to hold on
You're always drifting FURTHER AWAY
From me
I can barely believe it,
All this space between us
I'm trying to hold on
You're always drifting FURTHER AWAY
Always drifting
Always drifting
Always drifting
Always drifting
