# Necrophiliac Glue Sniffer

## Raging Speedhorn

Broken fingers are justice
Taking baby for rides
You left me so lonely
That's why Im standing here
Ripping my insides outYou see me running and you feel hatred
This is the feeling I get every day
You throw the petrol and the matchstick
You stupid fuck you forgot to light itI see you hiding in the shadow
With all the fear and twisted pain
I hear you running 'cause your footsteps cry
You only ever talk because it's too late
Slight invasion of death you brought me
You'll never take me away
I used to love you but it's just no fun
I feel it done inside meTake me away
Far away
Take me away
Far awayREPEAT VERSE 2REPEAT CHORUSAnd now you hate because you're just a swine
I see you run because you're just a swine
And now I'm hiding because you're just a swine
And now I'm running because you're just a swine (x2)REPEAT CHORUSTake me away
Far away...
