The Flag

Carman

I pledge allegiance to the flag
Of the United States of America
And to the republic For which it stands
One nation
Under God
Undivisible
With liberty and justice for all
The flag of our fathers, the symbol of our country
Three colors that embody all we can be
It represents the heights of achievement
Its citizens could rise to
And the sacrifice of life that made us free
Free to learn, free to speak Free to worship God
Free to dream a dream and see it through
But a freedom that is purchased
By the selfless ones who serve us
They represent the red, the white, the blue
That's why red stands for courage
White stands for truth
Blue for perseverance to a call
This flag sends a message to friend and foe alike
That America's still the greatest land of all
We're a unique breed of people
A condensation of cultures
A blending of our family trees, it's true
We can clutch an idea and see it through to resolution
We're Americans, there's nothing we can't do
We're a gold medal nation
A society of champions
We build monuments and wonders to display
We've touched the ocean floor
And walked men on the moon
And that flag's still planted there today
So let our banner waive
And promise a better life
Then people from all nations can proclaim
When the symbol of our hope is raised
The stars and stripes forever
We the people will stand up proud and say

I pledge allegiance
To the flag
Of the United States of America
And to the republic
For which it stands
One nation
Under God
Indivisible
With liberty and justice for all
Liberty and justice
Liberty and justice
Liberty and justice for all
