# Move That Body

## Mitul & Mukul

Move that body, work that body, girl
Twist that body, shake it, shawty
Move that body, work that body, girl
Twist that body, shake it, shawtyAll my bad bitches stand up
See you 'bout to walk on, put your hands up
See you got a boyfriend, shawty, and what?
Ass so big better pull your pants upWell, I got some footie, Ros, booty
Hands in the air, put your booty where the flow at
You should know that anywhere more at
Pause for the picture, shawty, we should take a Kodak'Cause you got some mean on
Like you painted them jeans on
And your whole clique back and you team strong
I know your ex want you back, tell him dream onShawty, wanna tell me how that body gonna work
I like all that seduction
She gotta look closer over and over
Shakin' that butt thenI got somethin'
I gotta show her what's up then
But if she wanna rock with a player
She gonna have to follow my instruction likeMove that body, work that body, girl
Twist that body, shake it, shawty
Move that body, work that body, girl
Twist that body, shake it, shawtyWhoa, ain't no competition or dissin' that's my position
You listen and pay attention, you'll be feeling the same
21 and older, you shakin' 'cause you wanna
Nobody to tell you no so you be feeling no shameNow go on, shake your ass, make your boyfriend mad, uh-huh
shake your ass, make your boyfriend mad, uh-huh
Give you somethin you probably ain't never had
I bet you, baby, that he can't do thatKiller, killer for real, got whatever you like
He give it to you wrong, I give it to you right
He gonna give it for a second, I'mma give it all night
He just do it just to do it, I just do it like MikeShawty, wanna tell me how that body gonna work
I like all that seduction
She gotta look closer over and over
Shakin' that butt thenI got somethin'
I gotta show her what's up then
But if she wanna rock with a player
She gonna have to follow my instruction likeMove that body, work that body, girl
Twist that body, shake it, shawty
Move that body, work that body, girl

Twist that body, shake it, shawtyWhoa, ain't nothing like watching you rock for me
Go ahead girl and just drop for me
While I just sit back
And just admire thatHopin' that you don't plan to stop for me
Brought about a hundred thousand stacks on me
And I know you like that, girl
So like it when youMove that body, work that body, girl
Twist that body, shake it, shawty
Move that body, work that body, girl
