Anuthatantrum

Da Brat

Anothatantrum dealin' rugged don't give a fuck I'm denyin' nothin'
Gotta still get it spoiled rotten real wit it deal wit it
Don't you feel me livin' in you
When mothafuckas make promises and can't come through
Anothatantrum dealin' rugged don't give a fuck I'm denyin' nothin'
Gotta still get it spoiled rotten real wit it deal wit it
Don't you feel me livin' in you
When mothafuckas make promises and can't come through
Whateva obstacles they dig to me from gettin' my way
I gets revenge to the end then begin the fourplay
My forte is sippin' alize and acting up
Looked into your mirror at ya face you started backing up, what the fuck
You slowly stepped away and started panic

As you witness anothatantrum fantasmatic
To keep a niggas frantic your manic
Y'all wanna be told shit if I can get it
You might feel my spirit off on anotha mission
Fishin' for my next victim with no permission
Switchin' bodies had to get some new goddies put on da Benz
Jump in da mind in many mens with no patience
The worst thing to do is wait and waste time that's constantly slippin' away
Take it manipulatin' all ages bring da frustration
Waitin for da left of my cavin to face e-all-lu-cation
Appearing crazy untract but seem daily
Some say shady but so what mothafucka
