

# The Distance

Evan And Jaron

The sky has lost it's colour  
The sun has turned to grey  
At least that's how it feels to me  
Whenever you're away  
I crawl up in the corner  
To watch the minutes pass  
One second, one minute, one hour  
Each one brings me closer to  
The time you're comin' back  
I can't take the distance, I can't take the miles  
I can't take the time till I next see you smile  
I can't take the distance and I'm not ashamed  
That with every breath, I take I'm callin' your name  
But I can't take the distance  
I still believe my feelings  
But sometimes I feel too much  
I make believe you're close to me  
But it ain't close enough  
Not nearly close enough  
I can't take the distance, I can't take the miles  
I can't take the time until I next see you smile  
I can't take the distance and I'm not ashamed  
That with every breath I take I'm callin' your name  
I brave fire and I brave rain  
To be by your side I'd do anythin'  
I can't take the distance  
I will go the distance, I will go the miles  
That's how much you mean to me  
'Cause I can't take the distance, I can't take these miles  
I can't take the time till I next see you smile  
I can't take the distance and I'm not ashamed  
That with every breath I take I'm callin' your name  
I can't take the distance  
It's hard to remember as long as you're away  
When I find solace there's only one way  
It's hard to remember as long as you're away  
When I find solace there's only one way  
It's hard to remember as long as you're away  
When I find solace there's only one way

It's hard to remember as long as you're away  
When I find solace there's only one way
