

# Inside

## Kem

I get a rush when I brush up against your lovin  
Feelin's start to flow, ooh and there I go in your lovin  
Find myself at ease when you're lovin me  
All I need I find in your loveGirl, dont you know I made up my mind?  
On givin you a love so fine  
Im livin inside your love  
Im never gonna let you go  
Im gonna let my feelin's show  
Im livin inside your loveSo come with me set sail, were free  
Heaven knows no bounds  
Why dont we make this last forever?  
Ive gotta an awful lot of love to give, we can fly, soarOh, I have no fear, when you're near all my pain  
disappears  
Im left in peace surpassin, understandin  
No inhibition, no superstition  
What we have is pure like snow, girlIve made up my mind  
On givin you a love so fine  
Im livin inside your love  
Im never gonna let you go  
Im gonna let my feelin's show  
Im livin inside your loveIm gonna do the best I can  
To be your ever after man  
Im livin inside your love  
Takin it day by day  
Lovin you this way  
Im livin inside your loveAfter all this time  
Im givin you a love so fine  
Im livin inside your love  
Im never gonna let you go  
Im gonna let my feelin's show  
Im livin inside your loveGonna do the best I can  
To be your ever after man  
Im livin inside your love  
Takin it day by day  
Me lovin you this way  
Im livin inside your loveGirl, after all this time  
Im givin you a love so fine  
Im livin inside your love  
Gonna do the best I can

To be your ever after man  
Livin inside your loveLivin inside your love, babe  
Livin inside, livin inside your love, babe  
Gonna do all I can  
To be your ever after man  
Im livin inside  
Gonna stay inside your love  
I'm livin inside
