

# I Wish It Could Be Me

## Joey Lawrence

You were the best thing that happened to me  
I should've been on bended knees  
Loving you with all my might

Oh, baby, but I was living in fantasy land  
There was much too much boy in my man  
Now you're gone  
Moving on with you're life

Oh, baby I see lovers kiss and I reminisce  
About the happy times  
I'm so jealous of people in love

I scream in my mind I wish it could be me and you  
Doing the things we used to do  
I wish it could be me and you

But that's a dream that won't come true I'm making a fatal mistake  
'Cause it's my own heart that'll break  
So I'm just beating up on myself

Oh baby Now, if I had you, I'd never let go  
But I've lost you forever, I know  
'Cause you're gone, digging on someone else

Oh baby I see lovers kiss and I reminisce  
About the happy times  
I'm so jealous of people in love

I scream in my mind I wish it could be me and you  
Doing the things we used to do  
I wish it could be me and you

But that's a dream that won't come true I wish it could be me tonight  
A second chance to make things right  
If I ruled the world, in fact

I'd give it all just to get you back Oh my god, if you could see what it's doing to me  
(I don't wanna live without you)

Everyday, all alone, don't know if I may go on  
All I want is your love and the way things used to be  
(I don't wanna live without you)

I can't stop missing you  
Yeah, yeah baby I wish it could be me and you  
Doing the things we used to do  
I wish it could be me and you

But that's a dream that won't come true I wish it could be me tonight  
A second chance to make things right  
If I ruled the world, in fact

I'd give it all just to get you back  
I wish it could be me and you  
Doing the things we used to do
