

# Close To You

Jay Sean

Baby girl lay your body down on the bed  
Let me cater to you  
And all them fantasies going on in your head  
Imma do 'em to you I know what you plan to do girl  
You're just like an animal  
So just do what's so natural to you  
Cause you don't know how many times I've been thinking about you I wanna get close close close close closer  
to you  
Close close closer to you  
Close close close close closer to you  
Close close closer to you I wanna get  
Closer to  
I wanna get  
Closer to Say baby you should drop the act  
And maybe we should start again  
'Cause girl you know I'm here for that  
So are you And I know I know I know what you plan to do  
You're just like an animal  
So just do what's so natural to you  
Cause you don't know how many times I've been thinking about you I wanna get close close close close closer  
to you  
Close close closer to you  
Close close close close closer to you  
Close close closer to you You got something that I ain't seen before (I wanna get)  
That only makes me want you more (closer to)  
Let me put it down like I'm supposed to do (I wanna get)  
Cause I just wanna get close to you (closer to) You got something that I ain't seen before (I wanna get)  
That only makes me want you more (closer to)  
Let me put it down like I'm supposed to do (I wanna get)  
Cause I just wanna get close to you (closer to) I wanna get I wanna get close to you  
I wanna get close to you Close close close close closer to you  
Close close closer to you  
Close close close close closer to you  
Close close closer to you I wanna get  
Closer to  
I wanna get  
Closer to  
I wanna get  
Closer to

I wanna get  
Closer to
