

# Exit Wounds

## Placebo

In the arms of another  
Who doesn't mean anything to you,  
There's nothing much to discover.Does he shake does he shiver  
As he sidles up to you,  
Like I did in my time?As he wake, does he smother you  
In kisses, long and true?  
Does he even think to bother?And at night, under covers  
As he's sliding into you,  
Does it set your sweat on fire?Chorus:  
Want you so bad I can taste it,  
But you're nowhere to be found.  
I'll take a drug to replace it,  
Or put me in the ground.In the arms of another,  
Who doesn't mean anything to you.  
Do you lose yourself and wonder?If I could, I would hover  
While he's making love to you.  
Make it rain, as I cry.Chorus:  
Want you so bad I can taste it,  
But you're nowhere to be found.  
I'll take a drug to replace it,  
Or put me in the ground.Want you so bad I can taste it,  
But you're nowhere to be found.  
Nowtake a drug to replace it,  
Or put me in the ground.  
Put me in the ground
