

# Cat Burglar

## Flesh for Lulu

Well I'm just a cat burglar  
Lonesome rooftop wanderer  
Yeah I'm a wanderer  
You'd better wake up slumberer  
Who's rappin' at your window? I'm lying on your persian carpet  
I've been here for awhile  
Meanwhile  
At home on the dirty mattress at my baby's house  
Cat burglar  
It's only swag  
I'm a wanderer  
Better wake up slumberer  
Cat burglar Where are you going?  
And just what will you do when you get there?  
Cat burglar  
He's an honest guy  
He'd buy a house in St. John's Wood if he only could  
It's all that I know  
All that I know  
I've just to get up and go  
I'm a wanderer  
Better wake up slumberer Kick open that door 'cause I want more and I want it now Anything that shines  
You know it's got to be mine  
Like a heartbeat  
Ah, it's there all the time  
All I know is a  
All I know is a  
All I know is a  
All I that know is  
All I know is a  
All I that know I'm going to  
S-S-St. John's Wood if I only could You may have noticed that your stereo's gone  
I took your TV too, and your silver  
Cat burglar  
I'll be coming right back for you  
I'm a wanderer  
Lonesome rooftop wanderer  
Who's rappin' at your window?  
Cat Burglar
