# Release Me

## Dakota Moon

So if you don't understand me
And you don't want to understand
Please do me no favors
Let me leave
Release meI've given up on the answers
I've given up on the reasons why
No need to say that you're sorry
Just to please me
Release meLet me go
Release me now
Don't say no
Release me nowTime to find what I'm missing
No time for waiting for things that will never come
You clearly don't want to meet me
Want to please me
Release meLet me go
Release me now
Don't say no
Release me nowAll I asked you for was love in the sky
Now all I'm asking is for you to release meLet me go
Release me now
Don't say no
Release me nowLet me go
Release me now
Don't say no
Release me nowSo if you don't understand me
And you don't want to understand
