Left Bank

Air

Left BankLeft bank, I'm waiting for someone Someone to be my friend Outside, traffic's running slowly I hear it from my windowWithout you, I'm getting lost Without you, there's no release I can't hold the sun I can't hold the sunIt's raining, love is not around me How can it get soak? Homesick, this is how I feel now This is how you left meWithout you, I'm getting lost Without you, there's no release I can't hold the sun I can't hold the sunWithout you, I'm getting lost Without you, there's no release I can't hold the sun I can't hold the sun
