Is It You?

Lee Ritenour

Someone's just outside, knockin's at my door,
A stranger,somebody unknown.
Someone's in my dreams Can't get off my mind, I'm tired of being alone.
Someone's trying to find an easy way inside,
Come on, I'm right here at home, right at home.

Is it you? (4x)

Who's that deep inside me, sneakin' 'round my heart?
Are you somebody in love?
Show me what you're doin' and tell me who you are.
Hey! I'm ready for love, for love.

Is it you? (4x)

If it's you, Come out in the open,
You don't need to hide your love.
If it's you, you know I'm hopin',
'Cause it's way to late to run away,
Don't run away from love, my love.
Is it you? (instrumental)

Is it you knockin' on my door?
Is it my imagination?
Is it you I can't get off my mind?
Is it you, you, you?
Is it you sneakin' 'round my heart?
Is it my imagination?
Is it you I can't get off my mind?
You, you, you?
