

# Let's Get Lifted

## John Legend

I've got something new for you  
When it gets you wont know what to do  
Relax let me move you  
Dont resist its in the air  
Just one taste will take you there  
Let it flow right through you I know your getting tired of the same old thing  
And I'm gonna break the rules gonna change the game  
You'll be screaming my name  
And I'm gonna take you places that you've never seen  
You couldn't picture this in your wildest dreams  
Don't fear 'cause you're here with me Let's get lifted  
(Lifted)  
Ohh I'm gonna get you high  
Im really gonna blow your mind  
We'll get lifted  
(Lifted)  
Your gonna feel it in your soul  
And baby you will lose control  
We'll get lifted  
(High) And once you take a hit of this  
You won't ever wanna quit  
You'll be so addicted  
Then I'll have you spinning round and round  
Crazy making freaky sounds  
You won't want to come down And then I'll have you seeing things and hallucinating  
Even walking funny 'cause your legs are shaking  
All night we'll be blazin'  
I'll take you for a walk to the other side  
We can get high and enjoy the ride  
Hold tight and we'll be alright We'll get lifted  
(Lifted)  
Ohh I'm gonna get you high  
I'm really gonna blow your mind  
We'll get lifted high  
(Lifted)  
Your gonna feel it in your soul  
And baby you will lose control  
We'll get lifted high So come and go show me  
(So much I wanna show you I'll take you there high)

Yeah I'll take you there come on let me take you there  
I will show you  
(So much I wanna show you I'll take you high, high)  
Yeah I'll take you there come on let me take you there  
I will show you  
(So much I wanna show you I'll take you high, high)  
Yeah I'll take you there come on let me take you there  
(So much I wanna show you I'll take you high, high)
