

This Side of Fate

Alter Bridge

This side of fate
Is blind
The choice has been made
It's time
For all that we've done
Will we ever choose to sleep?
The fault of our own This fate we must receive
We must receive
This is side of fate
Is blind
The choice has been made
It is time We had a dream
Now it's gone
The future revealed
We were all so very wrong
We were all so wrong
This is side of fate
Is blind
The choice has been made It is time
What have we done?
There's nowhere to run
Is this hopeless?
We were so wrong
Now we're lost
We can't go wrong
Until we are right Don't say it's over
Don't let us down
Don't turn away
We need you now
This is side of fate
It is blind The choice has been made
It is time
For all that we've done
Will we ever choose to see
The fault of our own
This pain we must receive
