

# Eyes Changing Colour

[Justin Nozuka](#)

Heart pounding for more  
She's on the floor  
She's hardly breathing  
Calm and struck by her words  
This dangerous time  
I am there kneeling  
Stop  
Her heart has betrayed  
Eyes fade to grey  
She is done feeding, feeding, feeding  
Eyes changing color  
Realer than my dreams  
Blowing out the candle of eternity
