

Joystick

Discodeine

I can't count all the times that I had to say I'm sorry
For wanting something with a few more bits than my Atari
 Don't play a game, boy
 They said it would get old
 But sometimes boys like me are curious
 And can't be told no
 You came along and had me saying
 "What is this?"
Your sexiness had got me ready for the Genesis
 Baby, grab a hold of the joystick
 Take control of the motion
 I can feel it when you huh-huh
 Baby, you make all of the choices
 Other players can join us
 If you're feeling like you wanna play games
 If you wanna play games [x7]
 If you wanna play
 Then I upgraded to Nintendo 64
 And your first time with a joystick
 Left you feeling like a who-ho-ho-ho
 Hyper gamer, nothing greater
 We can play all night
 You'd better be some competition
 'Cause I want a fight
 Baby, grab a hold of the joystick
 Take control of the motion

 I can feel it when you huh-huh
 Baby, you make all of the choices
 Other players can join us
 If you're feeling like you wanna play games
 If you wanna play games [x7]
 If you wanna play
 I don't want you thinking
 That I'm trying to apply pressure
 But the pressure makes it better
 Pushing harder makes it wetter
 If you wanna skip a level
 Then we'll go to level two

Just beat my boss and get me off
And then I'll play with you
You, you, me
Okay, just plug the damn thing in already
If you wanna play games [x7]
If you wanna play
Baby, grab a hold of the joystick
Take control of the motion
I can feel it when you huh-huh
Baby, you make all of the choices
Other players can join us
If you're feeling like you wanna play games
If you wanna play games [x7]
If you wanna play
