

Tearjerker

Korn

Well, I wish there was someone
Well, I wish there was someone to love me
When I used to be someone
And I knew there was someone that loved meAs I sit here frozen alone
Even ghosts get tired and go home
As they crawl back under the stonesAnd I wish there was something
Please tell me there's something better
And I wish there was something
More than this saturated lonelinessAnd I wish I could feel it
And I wish I could steal it
Abduct it, corrupt it but I never can
It's just saturated lonelinessDoes the silence get lonely
Does the silence get lonely, who knows?
I've been hearing it tell me
I've been hearing it tell me, "Go home"
'Cause The Freaks are playing tonight
They packed up and turned out the lightsAnd I wish there was something
Please tell me theres something better
And I wish there was something
More than this saturated lonelinessAnd I wish I could feel it
And I wish I could steal it
Abduct it, corrupt it but I never can
It's just saturated lonelinessAnd the bathwater's cold
And this life's getting oldAnd I wish I could feel it
And I wish I could feel it
And I wish I could steal it
Abduct it, corrupt itAnd I wish I could feel it
And I wish I could steal it
And I wish I could feel it
Abduct it, corrupt itBut I never can
I never can
Never can
Never can
Never can
