

My Environment

Fetty Wap

[Intro]

1738

Just speakin' my mind man

Zoovie[Verse 1]

Either you with us or against us that's just the way it is
I'm sick of niggas talkin' all crazy like I ain't with the shits

I just bought my 10th Mercedes I love the AMGs

And I dropped 1.2 for the crib where I lay at

'Member had to sleep in the house where the J's at

Been gettin' bitches and this money, we ain't play that

You can ask any damn bitch where I stayed at

Shoutout to my hood, 1200 Harlem World, aye

22nd block, aye

Servin' party packs, aye

Make the party rock, aye

We some young gang bangers makin' a lot of guap, aye

Never love a thot, aye

Screamin' fuck the opps, aye

Hit me when it drop, aye

I be sonnin' niggas, man I shoulda been they pops, aye

Hope this nigga know it's on sight when I see 'em

I don't want talkin', I don't wanna be friends

Swerve through the strip with this bitch on some G shit, aye[Hook]

And this is for my young niggas, aye

Cause of where we from all we know is our environment

And you can't change what's understood, aye

And if it's all good then it's all good, I'ma rep my hood, aye

Real niggas they know what I mean, aye

Everyday the only mission, gotta stack the green

A couple million for my children, gotta get the cream

I turned a thousand to a million, started with a dream, hey[Verse 2]

And most these niggas say I sing too much and

I don't really show up my bling too much and

I don't really show off my cars too much and

I don't really be with the stars that much and

I don't like to kick it with such and such and

These niggas like bitches, they talk too much

It's tryna be just like you, they stalk too much

And bitch you can swerve with the Zoo on the weekend

Fifth of Patron and we gone and we freakin'
Bitch super wet, make her squirt when I'm deep in
Makin' her moan and my name what she screamin'
Guap with the bands, Poppa Smurf start to tweakin'
Jump in my six so fast, high screechin'
Everything blessed, I could ball for no reason
Hop on the jet, start to glide through the season
End it for a while but they do not believe[Hook]
And this is for my young niggas, aye
Cause of where we from all we know is our environment
And you can't change what's understood, aye
And if it's all good then it's all good, I'ma rep my hood, aye
Real niggas they know what I mean, aye
Everyday the only mission, gotta stack the green
A couple million for my children, gotta get the cream
I turned a thousand to a million, started with a dream, woah[Bridge]
Aye, this is for my young niggas
I do this for my young niggas
Gotta get the cream
Started with a dollar, turned it to a dream[Hook]
And this is for my young niggas, aye
Cause of where we from all we know is our environment
And you can't change what's understood, aye
And if it's all good then it's all good, I'ma rep my hood, aye
Real niggas they know what I mean, aye
They the only mission, gotta stack the green
A couple million for my children, gotta get the cream
I turned a thousand to a million, started with a dream, woah[Outro]
RGF, welcome to the fuckin' Island man
Fetty Wap part 2 man
Or whatever we gon' call this shit man
Aye (?), RGF frontman
What the fuck they talkin' bout man?
Big diamonds man, everybody chain swangin' man, woah
