

Hold Me

Stevie Wonder

Hold me darling, hold me
And I'll always be your, be your guy
Closer, baby, come closer
Let me be the one that loves and be by your side Why should you be lonely when I need you so?
Give my arms a chance I know I'll never let go
So hold me, baby, hold me
Say you'll never let me go Why should you be lonely when I need you so?
Give my arms a chance, I know I'll never let go
So hold me, baby, hold me
Say, you'll never let me go You know I love you so
I'll never-never let you go
I'll never let you go
Oh baby-baby, hold me
