

Rainbow's End

Modern English

Are you sleeping with the stars tonight
Or are you blue with cold?
Leaving imprints on your forehead
The floor is cracked and old Nice and easy, see the city
The boys are clothed in threads of gold
Rainbow's end and fill those souls Rooms to let in rainbow end
There's always some
Rooms to let in rainbow end
There's always more than one Wake up to another high day
(Wake up it's a high day)
Open front or quick in the back
Just like seeing your hips way
(Just like your hips way)
It's over don't look back Rooms to let in rainbow end
There's always some
Rooms to let in rainbow end
There's always more than one Rooms to let in rainbow end
There's always some
Rooms to let in rainbow end
There's always more than one Are you sleeping with the stars tonight
Or are you blue with cold?
Leaving imprints on your forehead
The floor is cracked and old Nice and easy, see the city
(Nice and easy, see the city)
The boys are clothed in threads of gold
(The boys are clothed in threads of gold)
Rainbow's end and fill those souls Rooms to let in rainbow end
Rooms to let in rainbow end Rooms to let in rainbow end
(Rooms to let in rainbow end)
There's always some
Rooms to let in rainbow end
(Rooms to let in rainbow end)
There's always more than one Rooms to let in rainbow end
(Rooms to let in rainbow end)
There's always some
Rooms to let in rainbow end
(Rooms to let in rainbow end)
There's always more than one Rooms to let in rainbow end
(Rooms to let in rainbow end)

There's always some
Rooms to let in rainbow end
(Rooms to let in rainbow end)
There's always more than one
