

Dawn of the Dead

Goblin

When tomorrow comes
We'll be one of them
And our only purpose is to kill off those not dead
We are the dead and we're comin' for you
We are the dead and we're comin' for you
We are the dead and we're comin' for you
Because we are the dead
When there's no more room in Hell
Then the dead will walk the earth
And the livin' won't have a prayer
'Cause it's the dawn of the dead
Can't you see what this world's become?
When the dead feast off the livin', yeah
And we're about to join the fun
We are the dead and we're comin' for you
We are the dead and we're comin' for you
We are the dead and we're comin' for you
Because we are the dead
When there's no more room in Hell
Then the dead will walk the earth
And the livin' won't have a prayer
'Cause it's the dawn of the dead

When there's no more room in Hell
Then the dead will walk the earth
And the livin' won't have a prayer
'Cause it's the dawn of the dead
We are the dead and we're comin' for you
We are the dead and we're comin' for you
We are the dead and we're comin' for you
Because we are the dead
When there's no more room in Hell
Then the dead will walk the earth
And the livin' won't have a prayer
'Cause it's the dawn of the dead
When there's no more room in Hell
Then the dead will walk the earth
And the livin' won't have a prayer
'Cause it's the dawn of the dead

We are the dead and we're comin' for you
We are the dead and we're comin' for you
We are the dead and we're comin' for you
We are the dead and we're comin' for you
