I Know There's An Answer

Bullion

I know so many people
Who think they can do it alone
They isolate their heads
And stay in their safety zonesNow what can you tell them
And what can you say
That won't make them defensiveI know there's an answer
I know now but I have to find it by myselfThey come on like they're peaceful
But inside they're so uptight
They trip through their day
And waste all their thoughts at nightNow how can I come out
And tell them the way that they live could be betterI know there's an answer
I know now but I have to find it by myselfNow how can I come on
And tell them the way that they live could be betterI know there's an answer
I know now but I have to find it by myself
