

# I Know There's An Answer

## Bullion

I know so many people  
Who think they can do it alone  
They isolate their heads  
And stay in their safety zonesNow what can you tell them  
And what can you say  
That won't make them defensiveI know there's an answer  
I know now but I have to find it by myselfThey come on like they're peaceful  
But inside they're so uptight  
They trip through their day  
And waste all their thoughts at nightNow how can I come out  
And tell them the way that they live could be betterI know there's an answer  
I know now but I have to find it by myselfNow how can I come on  
And tell them the way that they live could be betterI know there's an answer  
I know now but I have to find it by myself
