Europe Is Our Playground

Suede

Run with me baby let your hair down
Through every station through every town
Run with me baby let's take a chance
From Heathrow to Hounslow from the Eastern Block to France
Europe is our playground London is our town
So run with me baby now

Run with me baby let your hair down
Through every station through every town
Run with me baby let's make a stand
From peepshows to disco from Spain to Camber Sands
Europe is our playground, London is our town
So run with me baby now...
