Fantasy (Tritonal Air Up There Remix)

Nadia Ali

How do you always know what I will say?
You seem to know me in the clearest way
I want to run and hide, keep you from finding me
You shouldnt see, what is my mysteryBut with the timing right
It could be paradise
To do this now
Would not be rightI was just fine, yes I was fine I thought
I didnt think that I would get so lost
To have and not to hold and to pretend Im cold
It is a lie because I melt every timeAnd with the timing right
It could be paradise
To do this now
Would not be rightSo stay away from me
Youre better off to stay as far from lovin' me
Just stay a fantasy
In the dark, in the night and in my dreamsAnd with the timing right
It could be paradise
To do this now
Would not be rightSo stay away from me
Stay away from meSo stay away from me
You're better off to stay as far from lovin' me
Just stay a fantasy
In the dark, in the night and in my dreamsSo stay away from me
You're better off to stay as far from lovin' me
So stay a fantasy
In the dark, in the night and in my dreamsSo stay away from me
You're better off to stay as far from lovin' me
Just stay a fantasy
In the dark, in the night
In the dark, in the night
and in my dreams
