False Messiah

Stratovarius

"Come to me my disciples"
Said the stranger who came
Healed the sick, feed the poor
Spread the joy and the cureHe will rule our land
With his leading hand
We'll achieve our deliveranceIs it just an illusion
Or the mass confusion?
Is it just the work of the false Messiah?Victims of mass confusion
Fools will follow this man
He leads us to destruction
Tending us to damnationHe will rule our land
With his leading hand
We'll achieve our deliveranceIs it just an illusion
Or the mass confusion?
Is it just the work of the false Messiah?"Come to me my disciples"
Said the stranger who came
Healed the sick, feed the poor
Spread the joy and the cureHe will rule our land
With his leading hand
We'll achieve our deliveranceIs it just an illusion
Or the mass confusion?
Is it just the work of the false Messiah?
