

Broken Promise (featuring Michael Stipe)

Placebo

They rise above this
They cry about this
As we live and learn
A broken promise
I was not honest
Now I watch as tables turn
And you're singing I'll wait my turn
To tear inside you
Watch you burn
I'll wait my turn
I'll wait my turn I'll cry about this
And hide my cuckolded eyes
As you come off all concerned
And I'll find no solace
In your poor apology
In your regret that sounds absurd
And keep singing I'll wait my turn
To tear inside you
Watch you burn
And I'll wait my turn
To terrorize you
Watch you burn
And I'll wait my turn
I'll wait my turn And this is a promise
Promise is a promise [Repeats] And I'll wait my turn
To tear inside you
Watch you burn
I'll wait my turn
I'll wait my turn A broken promise
You were not honest
I'll bide my time
I'll wait my turn
