

Be With You (Yiannis Unruly Mix)

Erasure

Call me
Any time just call me
Tell me that you want me
Feel it everywhere Hold me
Never let go of me
I love it when you hold me
Tell me that you care And if the sky should ever fall
Then I'll come running
Just you call
I could be with you
If I could be with you Touch me
You know you make it beautiful
Everything is physical
It really turns me on Miss me
Every time you go away
Don't you leave me lonely
I hate it when you're gone And if the sky should ever fall
Then I'll come running
Just you call
I would be with you
If I could be with you Yeah and if the sky should ever fall
Then I'll come running
Just you call
I could be with you
Yes I could be with you
Little darling I'm gonna wait for you
I'm gonna wait for you
Hmm love is coming
Sure love is coming Want me
Lovers say you want me
And tell me that you need me
Is all I wanna know I'll be
Waiting for the phone to ring
I love it when you haunt me
Everywhere I go I come running
If I could be
I come running
If I could be I come running
I come running

I come running
I come running I come running back to you
I come running back to you Call me
Never let go of me
