## Disaster In The Universe

Well I row on, I mend none  
Hope the bottles that I find will feed me some  
Set anchors at the closest deep,  
if it's down to luck let's get it on  
Oh go  
'Cause the sound of everyone makes my head ache  
How could you care - where I will sleep tonight?  
Growing cold - in the setting light  
Walking back and forth in time, feeling just enough  
Zoon Logikon  
(Zoon Logikon)  
Oh go  
'Cause the sound of everyone makes my head ache  
Walking back and forth in time, feeling just enough  
Zoon Logikon
